

# It's Panto Time!

For well over fifteen years Exeter Corn Exchange has been the home of traditional family pantomime in the heart of the city and this year we are once again delighted to bring a top professional cast to delight Exeter audiences with this joyful and magical Christmas show.

Kickline Theatre Company is a Devon-based independent production company that is run very much as a family business, with family values at the heart of the shows we present. We first presented THE WIZARD OF OZ in a limited format during Covid times, running for 26 performances before learning in the middle of the show that the country was going into lockdown that night! We are delighted to bring Exeter the full expanded show and we hope that the joyous and high-spirited mixture of song, dance and laughter will warm all our hearts!

We would like to thank our loyal audiences for continuing to support our annual Christmas show, and we would also like to show our gratitude for the fantastic staff of the Corn Exchange who work so hard to make the panto experience as welcoming as possible.

Finally, we would also like to thank Exeter's Stage by Stage Academy for providing the youth company performers who join forces with our professional cast to create the magical show. Staging a Christmas show needs massive teamwork, and we are blessed to work with such exceptional people in every aspect of the process!
